Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Sunday 21 Feb 2021

++ Valid for broadcast between 1800 and 0600

Headline:
A wet night, becoming drier through Monday.

This Evening and Tonight:
The evening will see some dry spells, before persistent and occasionally heavy rain moves across much of the region going overnight. Remaining cloudy throughout but feeling mild, with light winds. Minimum temperature 7 deg C (45 deg F).

Monday:
A wet start before rain clears through the afternoon, leaving dry conditions and clear spells. Low cloud and hill fog likely overnight in places. Feeling mild with light winds. Maximum temperature 10 deg C (50 deg F).

Outlook for Tuesday to Thursday:
Largely dry, cloudy, and windy on Tuesday and Wednesday, but patchy outbreaks of rain are possible at times. Sunshine and isolated showers on Thursday. Mild throughout.
